

CONTEMPORARY ARCHITECTURAL OFFICES – ESSAY TOPICS  
(choose one of them!)

1.

Choose two projects (plans or buildings) from the recent past which are in the interest of sustainability. Compare the two projects, do not be shy, make critics and say verdict! Write about what does sustainability mean for you, what is the essence of this 'trendy' term?

2.

Choose two projects from one of the 'European Capital of Culture' Cities. (for example: Linz, Essen, Pécs, Maribor, etc.) Make your own opinion and critics about the projects and compare them. Explain your statements!

The essay should be at least 5 normal pages and should contain own ideas, opinions! If you use citation (from books, magazines, web etc.) please note it in the text or at the end of the essay and assign the bibliography.

The printed essays should be submitted to the office of Department of Industrial Building Design (K251) till: **6. June 2012. 12:00 am.**

**Please check in one of the exam times using the Neptun!** (It is only necessary for the administration, you do not have to come to the exam!)
